SETTING THE STANDARD

Nikken stands at the forefront of wellness. With more than 30 years of developing cutting-edge products Nikken is recognized as a pioneer for its success in combining science, nature and advanced technology to help people achieve improved health and well-being.

Consistent with its belief in combining ancient principles and modern technology, the company maintains a relationship with the University of California, Irvine Medical Center and has endowed the Nikken Imaging Center at that facility.

We also provide support to Japan's Magnetic Health Science Foundation, and Nikken is a member of the internationally recognized Bioelectromagnetics Society.

Nikken products are supported by a wide range of internationally recognized organizations.
